FOOD SAFETY AND COMPLIANCE. THESE ARE OUR STRENGTHS.

- We recognize changes in important laws at an early stage and prepare you for them.
- We provide our members with valuable information so that their products can meet food safety standards and comply with current legal requirements.
- We ensure increased awareness and appreciation of coffee among the public, the scientific community, legislators and consumers.

ACTING RESPONSIBLY. THIS IS OUR MISSION STATEMENT.

We want to ensure that the working and living conditions on coffee farms and their economic success is improved. To this end, we actively exchange ideas with the international coffee community and representatives of coffee farmers and coffee associations in the coffee-growing countries.

We create political and public awareness of the commitment of the coffee industry in order to improve the coffee world as a whole.
